1. Options available - subject to cut-off dates

2. Where appropriate

3. Subject to cut-off dates

4. Where indicated

5. Where applicable

6. Where required

Your attention is drawn to the fact that it may not be possible to provide branded products as referred to in the specification. In such cases, a similar alternative will be provided. St Edward reserves the right to make these changes if required.

Designed to suit YOUR STYLE

Enjoy a choice of two styles across kitchens, bathrooms and en suites, so you can create the home that's perfect for you.

Chic

Create a contemporary look with our Chic styling. Kitchens feature flat panelled, matt lacquer doors and full height splashback to hobs, while bathrooms and en suites enjoy a geometric effect tiled finish and Villeroy & Boch sanitaryware. Light colours and contemporary materials add to the air of calm sophistication.

Timeless

The Timeless design offers a classic look, with shaker style doors, chrome handles and full height splashback to hobs in the kitchen. Shaker detail panelling, together with traditionally styled sanitaryware, bring a touch of period charm to the bathrooms and en suites.

Lakeside

Make your way over the traditional humpback bridge and Lakeside opens up before you: a beautiful collection of houses and apartments, arranged along leafy boulevards and quiet streets.

The information in this document is indicative and is intended to act as a guide only as to the finished product. Accordingly, due to St Edward's policy of continuous improvement, the finished product may vary from the information provided. These particulars should not be relied upon as statements of fact or representations and applicants must satisfy themselves by inspection or otherwise as to their correctness. This information does not constitute a contract or warranty. Hartland Village is a marketing name and will not necessarily form part of the approved postal address. Applicants are advised to contact St Edward to ascertain the availability of any particular property. The dimensions given on plans are subject to minor variations and are not intended to be used for carpet sizes, appliance sizes or items of furniture. Area measurements in this document are given as Gross Internal Area (GIA). Measurements include areas occupied by upstands, plinths, protrusions, ceiling bulkheads, glazing mullions for full-height glazing, (measured to the internal face of the glazing, not mullion), skirtings, plaster and other in situ wall finishes, cornices and the like. Where a wall is made up of both full-height glazing and other external walling structure, dimensions are taken to the surface of both structures.
